words and deeds is a collection of articles on rituals in south asia with a special focus on their texts and context the volume presupposes that a comprehensive definition of ritual does not exist instead the papers in it avoid essentialist definitions allowing for a possible polythetic definition of the concept to emerge papers in this volume include those on initiation pre natal

rites religious processions royal consecration rituals which mark the commencement of ritual rituals of devotion and vedic sacrifice as well as contributions which address the broader theoretical issues of engaging in the study of ritual texts and ritual practice both from the etic and the emic perspective these studies show that any study of the relationship between the text and the context of rituals must also allow for the possibility that different categories of performers can and do subjectively constitute the relationship between their ritual knowledge and ritual practice between text and context in differing and nuanced ways

imagine a world without beauty myth celebration or ritual it seems that to feel fully and vibrantly alive these experiences are essential to us devotional ritual speaks this language of the heart but can be a confronting aspect of buddhism for some people in the west skilfully steering us through the difficulties we may encounter sangharakshita leads us through the sevenfold puja a sequence of devotional moods found in tibetan and indian forms of buddhism

this title is a historical analysis of origin and development of buddhist sects and sectarianism in the history of the succession of schools it is found that the first schism in the sangha was followed by a series of schisms leading to the formation of different sub sects and in the course of time eleven such sub sects arose out of the theravada while seven issued from the mahasasnghikas all these branches of buddhist sects appeared one after another in close succession which in three or four hundred years after the buddha s parinirvana here we focus on following important aspects growth and ramification of buddhist sects and sectarian schools mahayana buddhism theravada buddhism tantric buddhism yogacara newar buddhism bhutanese buddhist sects protestant buddhism nichren buddhism amida buddhism tendai buddhism shingon buddhism zen

buddhism millennial buddhism there are different authorities such as the traditions of the theravadins sammitiyas mahasanghikas and subsequently the tibetan and chinese translations which give us accounts of the origin of the different sects and sectarianism

this book demonstrates how popular ritual texts and story narratives have shaped the religious life and culture of the only surviving south asian mahayana buddhist society the newars of kathmandu it begins with an account of the newar buddhist community s history and its place within the religious environment of nepal and proceeds to build around five popular translations several of which were known across asia the srngabheri avadana the simhalasarthabahu avadana the tara the mahakala vratas and the pancaraksa lewis documents how the respective texts have been domesticated in nepal s art and architecture healing traditions and rituals he shows how they provide paradigmatic case studies that transcend the nepalese context illustrating universal practices or issues in all buddhist communities such as gender relations and stupa veneration the role of merchants ethnicity violence devotions to celestial bodhisattvas by kings and women and the role of mantra recitations and healing rituals in the lives of buddhists

this book describes and analyses the structure and performance of tibetan buddhist death rituals and situates that performance within the wider context of buddhist death practices generally drawing on a detailed and systematic comparative survey of existing records of tibetan funerary practices including historical travel accounts anthropological and ethnographic

literature tibetan texts and academic studies it demonstrates that there is no standard form of funeral in tibetan buddhism although certain elements are common the structure of the book follows the twin trajectories of benefiting the deceased and protecting survivors in the process it reveals a rich and complex panoply of activities some handled by religious professionals and others by lay persons this information is examined to identify similarities and differences in practices and the degree to which tibetan buddhist funeral practices are consistent with the mortuary rituals of other forms of buddhism a number of elements in these death rites which at first appear to be unique to tibetan buddhism may only be tibetan in their surface characteristics while having roots in practices which pre date the transmission of buddhism to tibet filling a gap in the existing literature on tibetan buddhism this book poses research challenges that will engage future scholars in the field of buddhism tibetan buddhism and anthropology

this is the first scholarly collection to focus on this important subject unique in its historical geographical and disciplinary breadth this book brings together eleven essays by an international cast of scholars working on ritual texts institutions and practices in the greater tibetan cultural world tibet nepal bhutan and mongolia

some westerners are disconcerted to find a strong emphasis on ritual in all forms of buddhism however buddhists need to bring their whole self to their spiritual practice including their deepest emotions and this book explains the importance of devotional practice for the spiritual life

the real history of man is the history of religion the truth of the famous dictum of max muller the father of the history of religions is nowhere so obvious as in tibet western students have observed that religion and magic pervade not only the forms

of tibetan art politics and society but also every detail of ordinary human existence and what is the all pervading religion of tibet buddhism of that country has been described to us of course but that does not mean the question has been answered the unique importance of stephan beyer's work is that it presents the vital material ignored or slighted by others the living ritual of tibetan buddhists the reader is made a witness to cultic proceedings through which the author guides him carefully he does not force one to accept easy explanations nor does he direct one's attention only to aspects that can be counted on to please he leads one step by step without omitting anything through entire rituals and interprets whenever necessary without being unduly obtrusive oftentimes as in the case of the many hymns to the goddess tara the superb translations speak directly to the reader and it is indeed as if the reader himself were present at the ritual
